

EXTERNAL CAMPUS SAFETY REPORT 2015-16

Reporting and Disclosure Procedures

Members of the Wayland Baptist University community are encouraged and all faculty and staff members who have significant student and campus activity responsibilities are required to report violations of federal, state and local laws. These violations as well as any public safety related incidents should be promptly reported to the local police department.

Reporting responsibilities also extend to WBU mental health counselors, who may encourage their clients to consider voluntarily and confidentially reporting crimes, when applicable. Each violation, whether or not a formal police report is filed or an investigation ensues, counts as one offense and is reflected on the University's annual crime statistics report.

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus and on public property contiguous to campus boundaries. All reported violations that have taken place in these designated areas during the previous three years, whether or not a WBU student or faculty or staff member was involved, are reflected in the report.

Emergency Operations Plan

Wayland Baptist University officials take the safety of the University community very seriously and are evaluating the Emergency Operations Plan to ensure it is timely and effective. The University has implemented a mass notification system called the Pioneer Alert to keep the campus members informed of any emergencies.

Emergency Notification / Crime Alert

Wayland Baptist University can transmit emergency warning and/or emergency information via the campus wide emergency notification system.

Students, Faculty and Staff are encouraged to sign up for the campus Pioneer Alert System, which alerts participants by email, cell phone, text or voice mail of any emergency broadcast message. The students and employees can sign up for the Pioneer Alert on the Campus Security tab on the WBU home page or at:

HATE CRIMES: 2013- no hate crimes reported; 2014- no hate crimes reported; 2015 – no hate crimes reported

ACQUAINTANCE RAPE

A RAPIST IS NOT ALWAYS A STRANGER attacking late at night in an isolated place. A rapist may sit next to you in class, compete on your intramural team or belong to the same organization. Rape doesn't just conjure up thoughts of a crazed stranger in a dark alley any more. Date rape is rape.

If You are Raped...

Collect your thoughts, then call:
911 or any police department

Get Medical Care

As soon as possible, seek medical care from a hospital emergency room or a private physician. A general exam by a rape/sexual assault nurse at the Covenant Hospital of Plainview Emergency Room is advised to collect information for documentation of evidence should you decide to prosecute. The exam may also include testing and treatment to help prevent sexually transmitted diseases.

Report the Rape

It is your decision whether to report the rape; however, most rapists are repeat offenders and your report may prevent future attacks from occurring. University personnel will assist you in notifying the police if needed. If you plan to file a report, do not clean up the area or alter it in any way prior to WPD's arrival, and do not bathe, shower, douche or change clothes prior to the medical exam.

Seek Counseling

The local Crisis Center Hotline and the WBU Counseling Center are staffed with well trained and compassionate counselors. They can assist you in dealing with the emotional trauma and pain associated with sexual assault. University officials will also help you change academic and living situations if that is your choice and such options are reasonably available.

Date Rape Prevention Checklist

Set sexual limits. You don't "owe" anyone sex. Communicate those limits. People can't read your mind.

Trust your feelings. If you feel pressured, you probably are.

Pay attention to behavior that doesn't seem right. Power stares, someone who grabs or pushes, someone who doesn't listen or disregards what you are saying, someone who blocks your way, or someone sitting or standing uncomfortably close are all clues that you should stay alert.

Be assertive. Get angry and act immediately with a negative response if things seem out of hand. Stand up for yourself. It's OK to make a scene or be rude if someone is pressuring you.

Control your environment. Decide whether you want to be in a particular place or not, and don't depend on casual acquaintances for money, shelter, transportation, etc.

If you choose to drink alcohol, drink responsibly. Seventy-five percent of date and acquaintance rapes occur when one or both persons are under the influence of alcohol.

WAYLAND BAPTIST UNIVERSITY: A Drug-Free Campus

Alcoholic Beverages

State and federal statutes concerning alcoholic beverages will be strictly enforced on the Wayland Baptist University campus and off campus WBU sponsored events. In addition to these statutes, the University prohibits possession, consumption and sale of alcoholic beverages on campus. Possession of alcoholic containers is also prohibited.

Illicit Drugs

Possession, distribution, consumption and/or use of illicit drugs or narcotics on University property or property under the control of WBU or at any event sponsored by the University or any University student organization, whether or not conducted on University property is prohibited. This rule also applies to all illegal paraphernalia utilized in conjunction with the consumption and/or use of prohibited substances.

High Risk Alcohol Intake

People who consume large amounts of alcohol over a short period of time can reach very high blood alcohol levels before they pass out. This can lead to decreased breathing and death. Vomiting associated with high levels of alcohol may also cause choking and death.

How to Help an Intoxicated Friend

Do:

- Keep calm and get lots of help. Individuals with high alcohol-blood levels can be unpredictable and violent.
- Speak in a clear, firm, reassuring manner
- Stay with a person who is vomiting. If the victim is lying down, turn them on their side, keep the tongue from falling back into the throat and protect them from choking.
- Monitor the person. If they become unconscious (will not wake up or talk to you) or if they appear to have problems breathing, seek medical help immediately. Call 911.

Don't:

- Don't try to walk, run or exercise the person. Don't try to keep them awake.
- Don't force anything orally—food, liquid (coffee, etc.) or drugs—in an attempt to sober them up.
- Don't give the person a cold shower; this can be very dangerous.
- Don't try to restrain the person without lots of sober assistance.
- Don't permit the person to drive.
