

CAMPUS SECURITY AND FIRE SAFETY REPORT 2014

Reporting and Disclosure Procedures

Members of the Wayland Baptist University community are encouraged and all faculty and staff members who have significant student and campus activity responsibilities are required to report violations of federal, state and local laws and University guidelines. These violations as well as any public safety related incidents should be promptly reported to the University Police Department.

Reporting responsibilities also extend to WBU mental health counselors, who may encourage their clients to consider voluntarily and confidentially reporting crimes, when applicable. These and all such reports are compiled and coordinated through the University Police Department and the Office of Vice President of Enrollment Management. Each violation, whether or not a formal police report is filed or an investigation ensues, counts as one offense and is reflected on the University's annual crime statistics report.

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, in residential facilities, and on public property contiguous to campus boundaries. All reported violations that have taken place in these designated areas during the previous three years, whether or not a WBU student or faculty or staff member was involved, are reflected in the report.

Emergency Operations Plan

Wayland Baptist University officials take the safety of the University community very seriously and are evaluating the Emergency Operations Plan to ensure it is timely and effective. The University has implemented a mass notification system called the Pioneer Alert to keep the campus members informed of any emergencies.

Missing Student Statement

If a member of the Wayland Baptist University community has reason to believe that a student who resides on-campus is missing, he or she should notify the Wayland Police Department (WPD) 806-291-3635 or 806-774-4225 and Dean of Students at 806-291-3751 to investigate whether the student is actually missing.

If WPD determines that the student has been missing for more than 24 hours, then WPD will notify the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated (legal independent status) individual WPD will notify the student's parent or legal guardian immediately after the student has been determined to be missing for more than 24 hours.

In addition to registering an emergency contact, students residing on campus have the option to identify confidentially an individual to be contacted in the event the student is determined to be missing more than 24 hours. If a student has identified such an individual, WPD will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact may do so in the Dean of Students office.

Emergency Notification / Crime Alert

Wayland Baptist University can transmit emergency warning and/or emergency information via the campus wide emergency notification system.

Students, Faculty and Staff are encouraged to sign up for the campus Pioneer Alert System, which alerts participants by email, cell phone, text or voice mail of any emergency broadcast message. The students and employees can sign up for the Pioneer Alert on the Campus Security tab on the WBU home page or at:

<http://www.wbu.edu/security/alert/default.htm>

Crime Alerts may be issued on a case by case basis pending information received by WPD. A daily crime log is available for review at: http://www.wbu.edu/security/crime_logs.html or at WPD from 8:15 a.m. – 5:00 p.m. Monday through Friday, excluding holidays.

UNIVERSITY POLICE DEPARTMENT

Wayland Police Department (WPD) police officers are certified Texas Peace Officers and have statewide jurisdiction to enforce local, state and federal laws. WPD officers are on duty during normal University business hours and days. WPD employs local off-duty peace officers to patrol the campus after regular business hours and days. The WPD works in conjunction with the Plainview Police Department (PPD) and is dispatched through the PPD.

CRIME REPORT, ARREST and REFERRAL STATISTICS

	On Campus (Residence Halls Only)			Non-Campus WBU Buildings/Property			Contiguous Public Property		
	2011	2012	2013	2011	2012	2013	2011	2012	2013

Drug Violations	1	4	2	0	0	0	0	0	0
Weapons Possessions	0	0	0	0	0	0	0	0	0

Wayland Baptist University's crime statistics are determined according to the Federal Bureau of Investigation's uniform crime reporting standards without regard to guilt or innocence. Statistics reflect reports made to campus security authorities as well as University and local police departments and are compiled and coordinated by the Wayland Police Department and Dean of Students office.

HATE CRIMES: 2011- no hate crimes reported; 2012- no hate crimes reported; 2013 – no hate crimes reported

According to Texas law, a hate crime is any criminal offense committed against a person or property, which is motivated, in whole or in part, by the offender's bias against race, ethnicity, religion, nationality or sexual orientation.

ACQUAINTANCE RAPE

A RAPIST IS NOT ALWAYS A STRANGER attacking late at night in an isolated place. A rapist may sit next to you in class, compete on your intramural team or belong to the same organization. Rape doesn't just conjure up thoughts of a crazed stranger in a dark alley any more. Date rape is rape.

If You are Raped...

Collect your thoughts, then call:
911 or any police department
Hale County Crisis Center 806-293-7273
WBU Counseling Service 806-291-3765

Get Medical Care

As soon as possible, seek medical care from a hospital emergency room or a private physician. A general exam by a rape/sexual assault nurse at the Covenant Hospital of Plainview Emergency Room is advised to collect information for documentation of evidence should you decide to prosecute. The exam may also include testing and treatment to help prevent sexually transmitted diseases.

Report the Rape

It is your decision whether to report the rape; however, most rapists are repeat offenders and your report may prevent future attacks from occurring. University personnel will assist you in notifying the police if needed. If you plan to file a report, do not clean up the area or alter it in any way prior to WPD's arrival, and do not bathe, shower, douche or change clothes prior to the medical exam.

Seek Counseling

The local Crisis Center Hotline and the WBU Counseling Center are staffed with well trained and compassionate counselors. They can assist you in dealing with the emotional trauma and pain associated with sexual assault. University officials will also help you change academic and living situations if that is your choice and such options are reasonably available.

Date Rape Prevention Checklist

Set sexual limits. You don't "owe" anyone sex. Communicate those limits. People can't read your mind.

Trust your feelings. If you feel pressured, you probably are.

Pay attention to behavior that doesn't seem right. Power stares, someone who grabs or pushes, someone who doesn't listen or disregards what you are saying, someone who blocks your way, or someone sitting or standing uncomfortably close are all clues that you should stay alert.

Be assertive. Get angry and act immediately with a negative response if things seem out of hand. Stand up for yourself. It's OK to make a scene or be rude if someone is pressuring you.

Control your environment. Decide whether you want to be in a particular place or not, and don't depend on casual acquaintances for money, shelter, transportation, etc.

If you choose to drink alcohol, drink responsibly. Seventy-five percent of date and acquaintance rapes occur when one or both persons are under the influence of alcohol.

WAYLAND BAPTIST UNIVERSITY: A Drug-Free Campus

Alcoholic Beverages

State and federal statutes concerning alcoholic beverages will be strictly enforced on the Wayland Baptist University campus and off campus WBU sponsored events. In addition to these statutes, the University prohibits possession, consumption and sale of alcoholic beverages on campus. Possession of alcoholic containers is also prohibited.

Illicit Drugs

Possession, distribution, consumption and/or use of illicit drugs or narcotics on University property or property under the control of WBU or at any event sponsored by the University or any University student organization, whether or not conducted on University property is prohibited. This rule also applies to all illegal paraphernalia utilized in conjunction with the consumption and/or use of prohibited substances.

High Risk Alcohol Intake

People who consume large amounts of alcohol over a short period of time can reach very high blood alcohol levels before they pass out. This can lead to decreased breathing and death. Vomiting associated with high levels of alcohol may also cause choking and death.

How to Help an Intoxicated Friend

Do:

- Keep calm and get lots of help. Individuals with high alcohol-blood levels can be unpredictable and violent.
- Speak in a clear, firm, reassuring manner
- Stay with a person who is vomiting. If the victim is lying down, turn them on their side, keep the tongue from falling back into the throat and protect them from choking.
- Monitor the person. If they become unconscious (will not wake up or talk to you) or if they appear to have problems breathing, seek medical help immediately. Call 911.

Don't:

- Don't try to walk, run or exercise the person. Don't try to keep them awake.
- Don't force anything orally—food, liquid (coffee, etc.) or drugs—in an attempt to sober them up.
- Don't give the person a cold shower; this can be very dangerous.
- Don't try to restrain the person without lots of sober assistance.
- Don't permit the person to drive.

Health Risks of Alcohol

Health hazards associated with excessive use of alcohol or alcohol dependency include dramatic behavioral changes, retardation of motor skills, and impairment of reasoning and rational thinking. These factors result in a higher incidence of accidents than for nonusers of alcohol.

Nutrition also suffers, and vitamin and mineral deficiencies are frequent. Prolonged alcohol abuse causes bleeding from the intestinal tract, damage to nerves and the brain, psychotic behavior, loss of memory and coordination. Damage to the liver often results in cirrhosis. Other risks include impotence, severe inflammation of the pancreas, and damage to the bone marrow, heart, testes, ovaries and muscles.

Damage to nerves and organs is usually irreversible.

Health Risks of Other Drugs

Use of illicit drugs may lead to physiological and mental changes similar to those caused by alcohol, although changes are frequently more severe and more sudden. Death or coma resulting from overdose of drugs is also more frequent.

Illicit drugs are commonly classified in seven categories: cocaine, amphetamines, heroin, and other opiates, hallucinogens, solvent inhalants, steroids and marijuana.

In addition to adverse effects associated with use of a specific drug, intravenous-drug users who use unsterilized needles or who share needles with other drug users can develop AIDS, hepatitis, tetanus and infections in the heart. Brain damage may also result.

Annual Fire Safety Report

Residence Hall – Emergency/Fire Evacuation Procedures

In the event of an actual fire or a drill, all residents must evacuate by the building rules established by each residence hall. Follow the instructions of Student Housing staff, WPD Officers, and/or fire-fighting personnel.

Fire alarm pull stations and fire extinguishers are installed throughout the halls. The fire alarm system automatically notifies the local emergency services dispatch when activated.

When evacuating, the best way out may not be the way in...have an exit strategy www.haveanexitstrategy.com

Wayland Baptist University is committed to the safety of all residents and is working diligently to maintain a safe environment in the residence halls. A “fire” is defined as *any instance of open flames or other burning in a place not intended to contain the burning or in an uncontrolled manner*. Fire safety rules and regulations are in place, including safe electrical use and the prohibition of smoking, open flame, candles and incense. Fire drills are scheduled throughout the year and are an important part of the fire safety program at WBU. Additionally, dorm staff conducts health and safety inspections throughout the semester.

Our University works closely with the local fire marshal to adopt recommended fire safety measures.

Fire Drills

The University will hold fire/evacuation drills to acquaint and train the campus on fire/evacuation procedures. All residents and guest should follow directions during the drills. Failure to evacuate the building may result in disciplinary action, a monetary fine and possible suspension.

Fire Equipment

Because it is imperative that fire and safety equipment functions properly when it is needed, the following acts are prohibited:

- Tampering, disabling or playing with fire extinguishers, smoke detectors, fire sprinkler heads and exit or emergency lights.
- Tampering with or pulling a fire alarm under false pretense.
- Removing smoke detectors or otherwise rendering a smoke detector inoperable.
- Removing smoke detectors or otherwise rendering a smoke detector inoperable.
- Propping open fire doors.
- Obstructing halls and stairwells with furniture, debris and other material.
- Hanging objects from smoke detectors or fire sprinkler heads.
- Presence on fire escapes in non-emergency situations.

Residents who jeopardize the security or safety of any person will be subject to severe disciplinary action. Tampering with fire equipment or acts of arson can result in criminal prosecution, disciplinary measures and/or possible fines.

Open Flame

No items that have open flames, flammable fuels or open coils may be used in a residence hall. This includes, but is not limited to candles, lanterns, heaters and incense. Violation of this rule may result in immediate relocation and disciplinary action. These items will be confiscated immediately.

Fire Alarm Inspection, Testing and Certification

Annual inspections, functional testing and certification of the fire alarm systems in the Residence Halls are performed in accordance with the National Fire Protection Association: NFPA Fire code 72 by a licensed fire alarm company.

Fire-related Injury or Death

Fire-related injury or death is when a person is injured or killed as a result of a fire, including injury or death sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire. This includes death within 1 year of injuries sustained as a result of a fire. The term person may include students, faculty, staff, visitors, firefighter or any other individuals.

Disciplinary Procedures and Sanctions

All violations of federal, state and local laws and University regulations and rules are reported to the Wayland Police Department. Each violation is considered one offense. Once a criminal report is filed with WPD, it is investigated. When a suspect is identified, the case is referred to the Hale County District Attorney’s Office for prosecution.

State and Federal Criminal Penalties are based on language contained in applicable Texas statutes and are subject to change at any time by the Legislature and the Governor. The federal penalties are based on language contained in the applicable federal statutes regarding controlled substances and are subject to change at any time by Congress and the United States President. Title 21 U.S.C. Section 860 provides that the federal statutory penalties double (and in some cases triple) when a controlled substance is distributed (or even possessed with the intent to distribute) within 1000 feet of a school or a public university.

Aside from the criminal charges, the violator is referred to the Dean of Students for University disciplinary action. The Dean of Students may choose to hear the case or refer it to the Judicial Council.

In all hearings, both the accused and accuser will have the opportunity to present their versions of the facts, to present other evidence in support of the case including witnesses, and to question evidence presented.

For complete procedures and information involving discipline hearings, sanctions, penalties and appeals, refer to the current edition of the Student Handbook available from the Dean of Students office.
