Semester for which you are submitting an appeal: Fall 2021 Spring 2022 Summer 2022

Students who have been placed on Financial Aid Suspension due to failure to meet requirements for Satisfactory Academic Progress (SAP) may submit an appeal in order to request to regain eligibility for financial aid. By submitting a SAP Appeal, you are requesting **extenuating or unusual circumstances** (death in family, illness, situation that are beyond student's control) be considered in order to have your financial aid eligibility reinstated.

The SAP Committee will review your appeal and supporting documentation. Letters of recommendation from instructors and additional documentation may be requested. The letters and documentation become a part of your confidential record and will be destroyed four years from the last date of attendance. You will be advised in writing of the final determination of the committee.

APPEAL OUTCOMES

Appeal Approval	If the appeal is approved, financial aid will be reinstated and you will be placed on Financial Aid Probation . During the Financial Aid Probation period, you will be required to meet all stipulations within the <i>Academic Recovery Plan</i> established with your Academic Advisor during the appeal process. Failure to do so may result in suspension of financial aid until you are back in good standing.
